OFFICE OF LEGISLATIVE COUNSEL

Monday - 3 September 1963

25X1 1. [ ] Picked up from John Martiny, of the House Post Office and Civil Service Committee, the most recent Committee Print (No. 4) on H. R. 7381, the "Dual Compensation Act of 1963." The Committee is going to press this evening on a new print. We have called their attention to an error in the citation to the repealer of section 5(f)(1) of the CIA Act limiting the employment of retired military officers to fifteen.

25X1 2. [ ] Attempted to reach Marian Czarnecki, of the House Foreign Affairs Committee staff, regarding his inquiry about [ ] Czarnecki is out of the city until Thursday, at which time we will check with him again.

25X1 3. [ ] Talked with Samuel Archibald, on the staff of the House Government Operations Subcommittee on Foreign Operations and Government Information, and made arrangements to meet with him on Thursday to discuss the Subcommittee's most recent questionnaire.

25X1 4. [ ] Talked with Don Henderson, on the staff of the Senate Committee on Foreign Relations, concerning S. Con. Res. 42, Senator Humphrey's resolution "to establish a joint congressional committee known as the Joint Committee on National Security Affairs." I referred to the fact that we had submitted a report on Senator McCarthy's resolution for a Joint Committee on Foreign Information and Intelligence, S. J. Res. 61. After discussing Humphrey's resolution, it was determined that an Agency report on S. Con. Res. 42 would serve no useful purpose at this time. No further action will be taken unless there is an indication that the Committee proposes action on this resolution.

25X1 5. [ ] Met with Mr. Francis J. McNamara and Mr. Donald Appell, HCUA, concerning rescheduling the appearance of [ ] before the Committee. Scheduling cannot be made until the return of the Chairman to the city later in the week. Advised Mr. McNamara and Mr. Appell of the deletions requested by State Department from the previously approved script and of [ ] current status in the U. S. McNamara suggested it would be well if we prepared a short draft press release for Committee consideration. This will be done.
